

## WAS A GAME OF PIPE

## REPORT OF CLARK COUNTY CATTLE CONVENTION MISINTERPRETED.

Convention Was Called as Reported and an Organization Effected. But the Scheme to Depopulate a County All Came from the Imagination of a Few Fellows Who Were Set Upon—B. H. Campbell Says the Interpretation is Nothing More Than Bosh—What Led Up to All the Trouble is Reported Only.

Some days ago the Eagle published an account of an alleged attempt on the part of B. H. Campbell of Wichita and other cattlemen of Clark county to freeze out the small dealers and farmers of the county in favor of a few big ranchmen. A large part of the land in Clark county has been proved up and mortgaged, and has passed from the hands of the mortgage holders into the hands of a few big cattle men and syndicates. The county is mostly fenced into great pastures, no attention being paid to leaving out unoccupied claims, farms, government lands and school lands, but all taken in and utilized for pasture by the big cattle men.

When one of them acquires an addition to his pasture he usually fences it in with all there is between what he had and what he is after, and everything in his way, whether a farm or small pasture or anything else.

The story was that a notice was issued to all the cattle owners in the county to meet at Ashland some three or four weeks ago, to hear plans for the benefit of all the owners of cattle in the county. A large number of them got together on time and "Barbecue" Campbell had prepared and read a lot of resolutions, setting forth that it was to the interest of all cattlemen, both great and small, to combine together for defending the rights of all. Of course these resolutions were unanimously adopted. Then the constitution and by-laws of the proposed association, already prepared, were also read and adopted, and everything went on swimmingly. This constitution and by-laws arranged for the election of the usual officers, and also for a judiciary which was to judge offenses against the laws of the association and fix the punishment for offenses. On adjournment another meeting was arranged for to perfect the organization.

Another meeting was called at which it was attempted to have members bind themselves to not permit any person to settle upon a claim or to purchase any land, or lease any land belonging to another person, nor any school land within any fenced pasture occupied by any member of the association. This was lost by a vote of 9 to 11, and the meeting broke up in a row.

The report that the whole thing was a cold blooded effort on the part of the heavy owners of cattle, Mr. Campbell says, is bosh.

A big cattlemen from West Clark and Meade counties, who does not wish his name used, said:

"The whole report grew out of the talk of some of the fellows who wanted more say in the convention than they were entitled to and were set upon. There was a meeting, it is true, and an organization perfected, but it had no such purpose as that alleged. It is a cattle country, however, and one day not a half a dozen years away will see the whole country under the cattlemen."

## SON OF SIAMESE

Descendant of the Famous Twins Lives in Sumner County.

Not many people in Wichita or Sedgewick county or Sumner county, for that matter, are aware that W. L. Bunker, who lives near Milan, Sumner county, is a son of the famous Siamese twins. Years ago when the twins had made a fortune they bought plantations in South Carolina, adjoining each other. They spent a day and night each alternately on the places. On Monday and Monday night they would stay on one of the places, and Tuesday and Tuesday night on the other. They married Mulatto girls and raised large families. After the death of the twins two of the boys came west and settled near Milan, Sumner county, where they still live.

When Earl Blake and Frank Newkome were at Milan they saw Mr. Bunker and his big farm. He is doing well, having raised one of the biggest wheat crops in the county.

## NEGROES RAPE WHITE WOMEN

Six Negroes Said to Have Raped Three White Women at Hayneville.

There was a rumor on the street last night that six negroes had raped three white women at Hayneville yesterday afternoon and had started for the territory. It was said that a posse was organized and started in pursuit of the negroes and that they caught them just south of the town, all of them being on foot. One of the darkies is said to be beating this city when at home. No names could be learned. Detective Harry Sutton was seen last night and he said that he did not put any credence in the story, although it might be true. The Eagle tried to reach Hayneville by wire last night, but the office was closed.

## MR. CHURCH TAKEN SICK

Had a Fainting Spell and Fell to the Floor.

Mr. W. Q. Church, chief clerk in Mr. R. E. Torrington's office, district freight agent of the Santa Fe, was suddenly taken ill yesterday morning in his office in the Sedgewick block. He had a fainting spell but soon recovered and decided that he would go to his home on North Topeka avenue. He started to telephone for his horse and buggy, when he seemed to get worse. He fell to the floor and was picked up and a hack sent for and he was taken home. He was apparently all right last night and will probably be at his desk Monday. Mr. Church has been very busy lately as well as closely confined to his office and it is thought that he has overtaxed his endurance powers.

## DIED OF LOCK JAW

## SEVEN-YEAR-OLD LORAN KUNKLE DIED YESTERDAY.

Last Sunday He Climbed Up to a Big Cottonwood Tree and Fell, Breaking His Left Arm in Two Places—He Was Doing Nicely Until Yesterday Morning at Four O'Clock His Jaw Became Locked—He Was Taken to the Hospital and His Arm Was Amputated—He Died Thirty Minutes After the Operation.

Last Sunday about noon Loran Kunkle, the seven-year-old son of Mr. and Mrs. John Kunkle, residing at 217 North Fourth avenue, climbed up in a big cottonwood tree about seventy-five feet north of their house. The tree is on the outside of the fence and is near the curb. The little fellow either slipped or lost his hold and fell to the ground, falling a distance of at least twenty feet. His arm struck the board sidewalk and was broken just above the wrist. Both bones were broken and one protruded through the flesh and got in the loose dirt.

He was taken into his home and Dr. Taylor was called and set the broken arm. The boy apparently was doing nicely and on Thursday was wheeled by his father up to the doctor's office. He chafed and even hummed a song when he and his father were returning home. Yesterday morning about 4 o'clock he seemed to get rapidly worse and began to have spasms. Later lockjaw set in which was caused by the blood poisoning from the wound in his arm. It was thought best to amputate his arm and yesterday afternoon he was taken to the Wichita hospital where Dr. Purdie amputated the boy's arm just below the shoulder. He only lived thirty minutes after the operation was performed.

The funeral will be held this morning at half past nine from the residence.

## PREDICTS BIG REPUBLICAN GAINS

Ex-Congressman Kirkpatrick Was in the City Last Night.

Hon. S. S. Kirkpatrick was in the city last night between trains on his way to Fredonia. Mr. Kirkpatrick had been to Arkansas City yesterday where he made a speech to the old soldier's reunion. He said last night that the prospects were excellent for the Republicans carrying the majority of the counties this fall. Everybody is feeling better and times are improving and the farmers are getting good prices for their crops. This makes it propitious for Republican success all along the line.

"Will you be a candidate for your old seat in congress?"

"Yes, sir. That is definitely decided and I would not be a candidate unless I was positive of Republican success. We have been getting back a large portion of the silent voters besides making big inroads into the Populists. We won't have any trouble in defeating them this fall and the year after will even be a more glorious victory."

"Who is your choice for governor?"

"Well, I haven't thought the matter over very much, and it is a little early to decide such a question."

Mr. Kirkpatrick left on the Frisco for his home at 9:40 last night.

## BANK WANTED PAY FOR FULL

S. E. Williams Says Jeff Thompson Owes Him \$10 For Service.

Yesterday Lawyer S. E. Williams, the colored politician brought suit against Jeff Thompson for ten dollars for services rendered Thompson in getting him appointed to a place on the police force. Sam filed a poverty affidavit, but when W. A. Ayers asked him if he was doing all this just because he was hard up, he said:

"No sah; my wife's got a bank account."

Some says he got the place for Thompson, but the justice dismissed the case and decreed that Sam should pay the costs, and thus justice gets it between the eyes again.

## Scrofulous Humor

Blood in a Terrible Condition and All Run Down in Health—Has Become Strong and Healthy.

"I was all run down, blood in terrible condition and I was troubled with a severe scrofulous humor which caused me great suffering. I took medicine for a long time, but received no permanent benefit. At this time I was working in a general store, and I thought I would look over the medicines and see if I could find something that would hit my case. I read an advertisement of Hood's Sarsaparilla and concluded to try it. The first bottle helped me wonderfully and I continued its use until I had taken nine bottles. By this time I felt like a new man, and since then have not been sick a day. I am now strong and healthy and I have such confidence in Hood's Sarsaparilla that I recommend it as the best medicine on earth."
